Vision

A globally acclaimed integrated academic and research institution that creates a vibrant community of intellectuals and entrepreneurs endowed with Character, Creativity, Competence and Commitment, who can inspire meaningful transformations to ensure holistic growth and development of the society.

THE MESSAGES

From the Desk of the Vice Chancellor

As they say, "Man starts with being, then he becomes", true to its essence, we, at Gautam Buddha University, have initiated a new model of Enlightened Education to cater to the needs of the transnational and pluralistic world. The noble initiative started with its first academic session in August 2008 has grown into a mission now. With a lush green and serene campus equipped with all modern infrastructure, the University presents an ideal environment for the pursuit of academic excellence in various streams of studies. It offers cutting edge value-based postgraduate level education through its innovatively designed programmes. Along with teaching, we devote adequate resources on creating new knowledge and influencing practices.

Instead of taking a myopic view of education and training, we strive to make our students valuable professionals who become ready to take multiple challenges. The programmes we offer and the training we impart are rigorous in nature and demand greater efforts in terms of discipline, focus, perseverance, and dedication. The philosophy of the University is put into practice by our accomplished faculty, recruited and groomed in accordance with the practices of reputed national and international institutions.

It is a great sense of accomplishment for the University that our first batch of MBA students is getting ready to reach out the industry and corporate world. It has been a rigorous journey with full of challenges and accomplishments for all of us. Being the first batch of the University of our MBA Programme, these students have been the part of our history-in-making at the Gautam Buddha University. I say history-in-making in the sense that we are redrawing the roadmap for achieving success in totality, sans fragmented values, degraded ethics and spurred greed. We have assumed this responsibility with a vision to inculcate values and prepare these business graduates to harness all their knowledge and skills for the multidimensional growth of the society.

I hope these young and bright MBA students unwind folds of their potential so that they may flourish to a new height. I extend my heartfelt wishes for every success that they deserve. At the same time, I appeal to all recruiters and patrons for providing them with an opportunity to prove their mettle.

Prof. R. S. Nirjar

From the Desk of the Dean

It is a moment of great pride and satisfaction as we introduce a group of bright and young minds, who have been trained to face the challenges of this dynamic and ever changing world. It has been two years of rigorous training under meticulously designed and administered curriculum that has produced this first batch of our MBA graduates. I congratulate these students who now are gearing up for their final placement.

We understand that business managers, today, have to work in a business environment which is in a state of constant flux. In such an environment, the future can only be envisaged and not foreseen. The students at Gautam Buddha University School of Management (GBUSM) are trained to believe in the credo "change is the only constant". These students have been trained in developing the habit of finding patterns in what initially looks random and chaotic. Through innovative pedagogical tools, these students are encouraged to think out of the box and emerge on top of any given situation. Interaction with leaders from various walks of life gives students a glimpse of situations in the real world and helps them develop holistically into future business leaders who understand the other nuances in life besides business.

As we work towards achieving our objective of nurturing and fostering business leaders, we seek patronage and cooperation of the business world. We highly appreciate your help in placing our students in your esteemed organization. I am sure our students will prove their worth while working in your organization. We believe that your patronage will go a long way in developing high end human resource who can meaningfully contribute in developing a sustainable model of development for the society.

I look forward to a long and meaningful association with all individuals and organizations.

Prof. Sushil Kumar

THE UNIVERSITY

Gautam Buddha University, established by the Uttar Pradesh Act (9) of 2002, commenced its first academic session at its 511 acres lush green campus at Greater Noida in August 2008. The University is funded by the New Okhla Industrial Development Authority (NOIDA) and the Greater Noida Industrial Development Authority (GNIDA). Modeled in line with some of the best institutions of higher learning around the world, the University envisions to become a world class center for excellence in education with a special focus to serve the under privileged and economically challenged sections of the society. The uniqueness of its reputation is acknowledged through the format, content and pedagogy of its programmes and their relevance to the society. In order to promote value-based education, research and training, the University has established four schools of learning, which are:

1. School of Management,
2. School of Information & Communication Technology,
3. School of Biotechnology, and
4. School of Humanities & Social Sciences.

The University plans to establish four new schools of learning in coming years, which will be:

5. School of Law & Social Justice,
6. School of Vocational Studies,
7. School of Engineering & Design, and
8. School of Buddhist Studies & Civilization.

The Campus

Gautam Buddha University has planned and is developing as one of the finest campuses that can rival the best in the world. The University campus is an architectural marvel and has in its master plan:

- ? A campus spread over 511 acres with about 54000 plus sqm of constructed area, and 30% green belt,
- ? A central library with a reading hall that can house 2000 students at a time,
- ? An administrative building and eight school buildings,
- ? Faculty & staff quarters,
- ? Married research scholar hostels,
- ? Hostel complexes for 5000 students with single seated accommodations,
- ? Two international guesthouses,
- ? An international centre,
- ? A meditation centre,
- ? Swimming pools,
- ? Gymnasium
- ? Indoor and outdoor sports complexes,
- ? Utility centers,
- ? Water bodies, and many other facilities.

Academic Programmes

Post Graduate Programmes:

1. MBA
Duration of the programme: 2 Years (04 semesters)
2. Integrated M. Tech. (ICT) for Science Graduates
Duration of the programme: 3½ Years (07 Semesters)
3. M. Tech. (ICT) for Engineering Graduates
Duration of the programme: 2 Years (04 Semesters)
4. M.Tech. (Biotechnology)
Duration of the programme: 3½ Years (07 Semesters)

Doctoral Programmes (Ph.D.)

The Gautam Buddha University School of Management offers off-campus Ph.D. programme in Management for those who are seeking to pursue career in research and academics.

Future Directions

The University plans to start the following new programmes in different Schools in the academic session 2010-11:

Post Graduate Programmes:

- ? MBA (Corporate Law)
- ? M.Sc. in Applied Psychology, International Relations, Policy Analysis and Governance, and Mass Communication
- ? M. Tech. in Food Technology and Pharmaceutical Biotechnology
- ? Dual Degree Programmes (B. Tech. leading to M. Tech./MBA) in Mechanical Engineering, Civil Engineering, Electronics & Computer Engineering, and Electrical Engineering

Doctoral Degree Programmes:

- ? Information and Communication Technology
- ? Biotechnology

SCHOOL OF MANAGEMENT

Corporate Resource Center

The Corporate Resource Centre (CRC), headed by a Manager, helps students in summer as well as final placements. Continuous interaction with the industry helps students build strong relationship with the industry professionals. This also helps students to understand the corporate world and develop themselves as per the needs of the industry. CRC is the face of the University to the Corporate/Industry. It facilitates the process of close Industry-University interactions and actively promotes new avenues in experiential learning. It engages leaders, entrepreneurs, executives, and policy makers to address students to facilitate practical learning. CRC also helps students by counseling them to choose appropriate career options depending on their aptitude and interest.

International Collaborations

We are carefully crafting our future which ensures quality education and training to students. In our quest for achieving academic excellence, we are re-drawing the frontiers and spreading our wings in all directions to map the limits of intellectual excellence. To become a global center for excellence, we are in the process of formalizing tie ups and mutual accreditations with many universities in UK, France, Finland, Netherlands, Denmark, Australia and USA. In this regard the University has signed MoUs with the Queensland University of Technology, Brisbane, Australia and the International Business Academy, Kolding, Denmark.

To take the initiative of the University further, the government of Uttar Pradesh has introduced special scholarships for students of SC/ST and other economically challenged students of the society, enabling 50% of them to meet their expenses for one semester at a university abroad for their travel, stay and course fees. On 01 August 2009, 50% of the total students of School of Management from SC/ST category and BPL category left for Denmark to attend Summer School Programme at the International Business Academy, Kolding, Denmark to study "The European Management Perspective". This Course is a 10 weeks long MBA Course, established under regulation of the Danish Ministry of Education, in co-operation with Coventry University, UK and in accordance with the ECTS, European Credit Transfer System, recognised by all European Member States.

Gautam Buddha University School of Management (GBUSM)

The Gautam Buddha University School of Management (GBUSM) commenced its first batch of MBA in August 2008 with 120 students. Since then it has been marching on with an integrated focus on exploring and creating new avenues for young aspirants through strategic collaborations with institutions and enterprises of national and international repute. With the credo 'Change is the only Constant' in today's business environment, all programmes at GBUSM focus on creating 'learning managers' who are dynamic in every dimension of their personality. The curriculum of all its academic activities has international and cross cultural focus. Competent and experienced faculty of GBUSM ensures all round development of the students.

The School has state of the art classrooms and computing facilities, supported by an extensive library of books, journals, films and databases. Located in the serene and pollution-free campus, with extensive sports and co-curricular facilities in abundance, GBUSM is well equipped to meet all essential requirements of its students. The school has one Department (Department of Business Studies) and three Centres of Excellence, they are Centre for Executive Education, Centre for Entrepreneurship and Innovations, and Centre for Management of Financial Services.

Department of Business Studies

Department of Business Studies focuses on multi-disciplinary and action oriented business management programmes. Presently, it runs two programmes: a two years' full-time MBA programme and an off-campus Doctoral Degree programme. The Department ensures that the education imparted to its students is relevant to businesses at all times. The department has full commitment to high quality research and hence it continuously invests in research activities in all major functional areas of business management: Finance and Economics, Human Resource Management, Marketing and International Business, Operations Management, Strategy and Entrepreneurship, Business Communication, and General Management.

Centre for Entrepreneurship and Innovations

The Centre for Entrepreneurship and Innovations at GBUSM takes all measures to nurture entrepreneurial spirit among its graduates as well as common public. The Centre carries out cutting edge research in the area of entrepreneurship. It also undertakes consulting assignments by way of supporting start-ups. For this the Centre looks forward to establishing an Incubation Centre. Short-term training programmes for the entrepreneurs will also be organized in the near future.

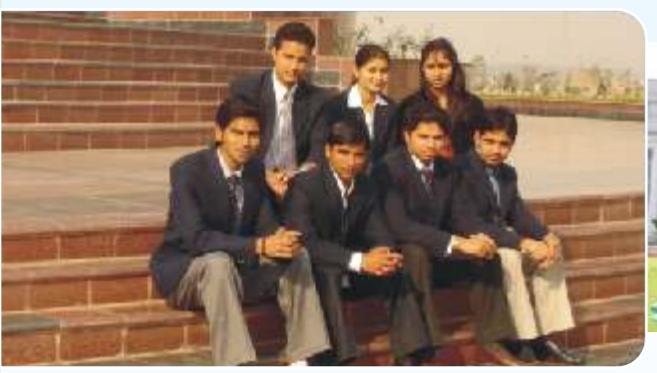

Centre for Management of Financial Services

The financial services industry constitutes the largest group of companies in the world in terms of earnings and equity market cap. With sustained deregulatory measures, exposure to international financial markets and the introduction of new products and services, the Indian financial sector is charting an impressive growth path. This Centre helps support the huge potential in the Indian financial services segment. Activities planned under this Centre include organization of seminars/workshops, conferences, short-term courses, short term executive programmes, research projects, consultancy projects etc.

Centre for Executive Education

GBUSM being located in the NCR has ready access to various corporate sectors. All these organizations need in-service training programmes for their employees working at various levels of management. The Centre for Executive Education will run short-term and long-term courses for working executives.

Programme Structure

Programmes

Presently, GBUSM runs following two programmes:

- ? Two years full time MBA Programme
- ? Off campus Ph.D. Programme

MBA Programme Structure

A student in MBA programme is required to do 86 credits of course work spread over 4 semesters to qualify for the award of degree. The coursework consists of Core and Elective courses. A student can specialize in two functional areas of management, depending on the elective courses opted by him/her in the second year of the programme. In order to qualify for specialization in a functional area, a student has to do minimum of 10 credits courses in that area.

COURSE STRUCTURE OF MBA PROGRAMME (As restructured in 2009)

SEMESTER I

S. No.	Course	L	T	P	Credits
1.	Financial Accounting	3	0	0	3

Ph.D. Programme in Management

The Department of Business Studies, School of Management, offers off campus Doctoral Degree Programme. A candidate admitted in this programme shall normally be permitted to conduct research in his/her area of specialization. However, research in multi disciplinary areas shall be encouraged provided a candidate displays the necessary competence to conduct such research as ascertained and recommended by his/her supervisor(s) and approved by the Research Degree Committee. The duration of Ph.D. Programme shall not be less than three years and the maximum period shall not exceed five years.

THE FACULTY

Our diverse academic programmes draw excellence from the talented and experienced faculty selected through a very elaborate process of recruitment. Our carefully chosen and groomed knowledge workforce imparts quality training and exposure to the young aspirants ready to take on the world. Our faculty matches up to the global standards in terms of knowledge, skills, and deliverability of the contents. No wonder, they are our pride possession.

Teaching interests include HRM, Cross Cultural Management, Organisational Behaviour, Performance Appraisal & Management
Research Interests are HRM, Cross Cultural Management, Organisational Behaviour
Affiliation: Indian Institute of Management, Lucknow

INFRASTRUCTURE AND FACILITIES

Central Library

A huge central library in terms of infrastructure and resources is under construction and will be functional in this academic session. The library in its functional state will have world class literature including journals, titles and other online resources for research and training. At present the University library has adequate number of books, journals (national and international) and magazines. Apart from these printed resources it provides rich online resources like Emerald, EBSCO, CMIE databases and many other e-journals for scholars and students.

Computer Centre

Each school of the University shall have state of the art computer center with high speed internet connectivity besides a central computer centre with internet connectivity and a wi-fi environment on campus. At present there are three computer centres functional in three different schools besides a Central Computer Centre.

Hostel

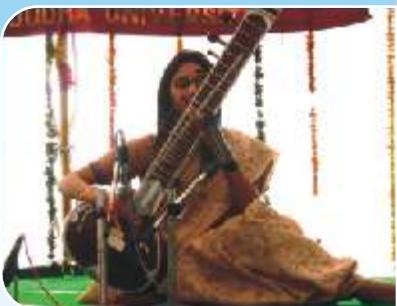

The University, being a fully residential campus, shall have separate hostel accommodations for boys and girls with 5000 single seated hostel rooms and complete wi-fi premises. In the first phase of its construction two hostel complexes (Chatrapati Sahuji Maharaj Boys Hostel and Savitri Bai Phule Girls Hostel) together with more than 600 single seated accommodations are functional at present.

EXTRA CURRICULAR ACTIVITIES

Life at Campus

Students of Gautam Buddha University are groomed carefully. Discipline and ethical practices in profession are imbibed by them constantly during their stay at campus. Campus life emphasizes on the importance of extra academic activities apart from academic learning, leading them to many new avenues. The University has constituted many clubs for the students to have a creative respite which include clubs for Music and Dance, Dramatics, Fine Arts, Debate, and many others.

Sports Activities

The University promotes multi dimensional growth with emphasis on integrated physical and intellectual training. Though in its formative stage, it has appointed physical training officers and has devised special slots in daily curriculum for physical training, track and field activities, and other sports both indoor and outdoor ones. A huge sports ground with an eight lane track is shaping physical health of its inmates.

Cultural Activities

"Culture is the widening of mind and spirits" well displayed by the students of Gautam Buddha University. The beauty of every culture is enhanced by the minds that practice it. No culture can survive in isolation and hence it is imperative to make the young generation aware of this heritage. It is very essential for every civilization to preserve their heritage and celebrate it from time to time. In this context, the first cultural event of the University 'Abhivyanjana'09 witnessed a range of colourful expressions and creative extensions of the students.

Evening Out

The campus has many other pleasing attractions with fountains, water bodies and the Shanti Sarowar with ever inspiring Tathagat's statue in it. The scenic beauty and neon lights are very captivating to mesmerise the evening walkers.

Shauryotasva: Spirits at display

Shauryotasva, annual sports meet aims at motivating students participate and add physical extensions to their intellectual quests. Recently concluded the first sports meet Shauryotasva '09 witnessed an excellent display of sportsman's spirits of students and faculty members.

Abhivyanjana: Unravelling meanings

Abhivyanjana, the University's annual cultural event, intends to add wings to intellect, imagery, and creativity of our students. The event aims at dissolving cultural demarcations and facilitating a new school of thought where every student thinks beyond boundaries but still is grounded to his/her values. It also gives a platform to the budding managers and compels them to think out of the box.
